

In 2009, Captain's Quarters Annual Fore Golf Scramble raised \$5000 that was donated to The Leukemia and Lymphoma Society's annual Light the Night Walk. The money was donated to team Billy Masterson for his efforts in raising money for the research of Lymphoma. We were proud to provide not only the monetary donation but also awareness as Billy fights a daily battle with Lymphoma.

This years scramble proceeds will be donated directly to the National Foundation for Transplants. NFT was founded in 1983 in Memphis, TN and was originally named the Liver Organ Transplant Fund but has now expanded to assist patients needing tissue, bone marrow and other transplants. NFT's fundraising campaigns have generated more than \$56 million to assist patients during their transplant journey, and NFT assists more than 1,000 patients.

This year, Billy Masterson is one of those patients. Our goal this year is to raise \$7500. With your help, we can make this happen!

Annual Golf Scramble
